NOTES ON EDKINS CATALOG - VOL. II - WEST VIRGINIA

I have just completed a time consuming check of my scrip collection against the new Edkins catalog and have found several items that you might want to make note of in your new catalog. Too, this information is being provided so that the Book Committee can make notes for future additions. If you find any information listed that you do not agree with, please let me know so that it can be mentioned in future issues of the bulletin. Thanks!

BOOK REVIEWS:

Two new books that will be of interest to all coal and lumber token collectors have been added to the Secretary's library and might be of interest to you...

"LIFE ON THE NEW RIVER" by William E. Cox. Mr. Cox is associated with the New River Gorge National River and he has assembled hundreds of old photos for this pictorial history. The 67 page book includes many old coal mine scenes and early pictures of lumber operations in the gorge. It offers a "visual glimpse into the past - a documentation of people, places and activities that usual text books cannot convey." A map of old coal towns along the gorge is included.

The book is available for \$8.70 postpaid from: ENP&MA, Drawer V, Oak Hill, West Va. 25901.

"KING COAL" by Stan Cohen. This 145 page book is a pictorial heritage of West Virginia Coal Mining. A section on coal scrip (as presented to the author by your Secretary) is included along with geology, mining methods and operations, coke, company stores and towns, unions and strife in the coalfields, transportation, disasters, living conditions, the legacy of coal, etc. Many, many pictures of all sections of West Virginia are included in the publication.

The book can be ordered from: Pictorial Histories Publishing Company, 4103 Virginia Ave. S.E., Charleston, West Va. 25304. at \$9.95.

Mention National Scrip Collectors bulletin when you order. Thanks.

FROM THE MAILBAG....as time and space permits.... In the last issue of SCRIP TALK, a list of West Virginia towns, in the new Edkins, without the county name was presented. Readers were asked to help in locating "PENNOIS" and "IFRAGREE". Several members - including Dave Whisman, Fred Robinson, and Dale Noll wrote that PENNOIS was located in Marion County.

Dale noted that the town was on the Monongah Division Railroad between Fairmont and Clarksburg.....Scriptor William Johnson of Michigan can't understand why members have not ordered the new Edkins catalogs. He notes that he is a collector of about everything and does not have much scrip but still enjoyed knowing about the tokens listed in the books.....Scriptor Mark Ballard has been working on getting news about NSCA published in one of the bulletins going to coal sticker collectors. They have a large membership and NSCA news might get some of them interested in collecting coal and lumber tokens.....Scriptor Bob Salika of Illinois pens that he budgets a certain amount each month to purchase tokens from the Mail Auction sales.We are currently in need of articles for publication in the bulletin. Why not take a few minutes and send in some notes on your collection - your latest find - your out of the ordinary finding of some good token, etc. With a large number of mine lamp collectors joining NSCA, we need more articles on this hobby.....Your Editor thanks all those who sent along Christmas cards. Because of a time factor and other responsibilities, I did not get my cards out this year!Scriptor Fred Robinson has traded your Editor an old album of local photos for some scrip. Don't know how it ever landed in Ohio from here but it has some interesting river scenes. Thanks, Fred.....
